

# eat VEG & VEGAN

With everything on our menu made in-house, we can adapt many of our dishes to suit a vegan and veggie diet. Thai cuisine lends itself to the veggie lifestyle, rarely containing butter or milk and the base often being carbs such as rice and noodles. Where staple Thai ingredients such as fish sauce are traditionally used, soy is a great replacement. **When choosing from the menu, please note if a dish needs to be adapted (ask for vegan) or if the dish is**
